Woodland Homes is a Property Development Company based in Auckland, New Zealand.

Operating nationwide since 2007, we've carried out projects from the whole New Zealand. Our expertise also extends to design, build of land developments.

Our specialty is the advanced thinking, planning and construction of customized houses. We offer clients a low overhead structure, competitive margin and the advantages of personal and honest service. While our business is primarily based in Auckland, we do service client requirements throughout New Zealand from north to south.
